

BIO 110 : Principles of Biology

This course provides a survey of fundamental biological principles for non-science majors. Emphasis is placed on basic chemistry, cell biology, metabolism, genetics, evolution, ecology, diversity, and other related topics. Upon completion, students should be able to demonstrate increased knowledge and better understanding of biology as it applies to everyday life.

Credits 4

Class Hours 3

Lab Hours 3

Clinical Experience Hours 0

Prerequisites

ENG 002 or BSP 4002

Notes

This course has been approved for transfer under the CAA as a general education course in Natural Science.
This course has been approved for transfer under the ICAA as a general education course in Natural Science.
This is a Universal General Education Transfer Component (UGETC) course.
