

OST 142 : Med Office Terms II

This course is a continuation of [OST 141](#) and continues the study, using a language-structure approach, of medical office terminology and vocabulary. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in the remaining systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms.

Credits 3

Class Hours 3

Lab Hours 0

Clinical Experience Hours 0

State Prerequisites

MED 121 or OST 141
