

# OST 264 : Medical Auditing

This course provides instruction on how to apply regulations and policies to perform medical record audits for provider services. Emphasis is placed on understanding the scope of an audit, statistical sampling methodologies, performing a medical record audit, and compiling data for reports to improve the revenue cycle for healthcare services. Upon completion, students should be able to perform a medical audit.

**Credits** 3

**Class Hours** 3

**Lab Hours** 0

**Clinical Experience Hours** 0
