

Payment of Tuition and Fees

Students are responsible for all amounts due on their account.

Curriculum Students

Curriculum students must pay all tuition and fees in full, be officially enrolled in the Deferred Payment Plan (fall and spring semesters only), have pending financial aid showing on their account, or provide an authorization letter for sponsor payment by the payment deadlines published for each semester. Curriculum students are considered to have a past due balance if a balance is still due on their account after the published payment deadline or on the last day of the academic semester for which the charges are incurred. This balance could have resulted from failure to adhere to the conditions of the Deferred Payment Plan, financial aid was reduced or revoked, or a sponsor declined payment for any reason. Failure to pay any past due balance in full may result in:

- inability to register for any classes
- inability to receive grades or official transcripts

Deferred Payment Plan

The College offers a deferred payment plan for curriculum students in the fall and spring semesters. The amount of tuition and fees that can be deferred is determined by the amount due and deferred payment plan enrollment date. Enrollment and service fees may apply. The Deferred Payment Plan is not available for the summer term. Information is available from the SCC Business Office.

Continuing Education Students

Continuing education students must pay all required fees or provide an authorization letter for sponsor payment at the time of registration for the course. All fees may be paid by credit card, check or money order.
