Campus Security

It is a goal of campus security services to provide the safest educational environment possible for students at Southeastern Community College. Known and suspected violations of federal, state, or local laws and on-campus emergencies should be reported to campus police, security, or 911 as soon as possible.

Southeastern Community College police/security officers are employees of the college. These officers are responsible for enforcing, observing, and reporting federal state, local and college laws and regulations, including parking regulations. Campus security is supplemented by support from federal, state, and local agencies having jurisdiction in the college's service area.

Faculty, staff, and students must recognize that they should take individual precautions to protect themselves from becoming victims of a crime. Working together as a campus community in crime prevention programs is essential in the successful development of a safe campus environment. Crime awareness is addressed annually at student orientation. Students participating in off-campus (college-sponsored) activities need to report criminal incidents to the law enforcement agency having jurisdiction where the crime occurred and must inform the Southeastern Community College campus security officers as soon as possible after the incident.
