

College Closings, Class Cancellations, and Delayed Openings

The president will determine the need for canceling classes, delaying opening of the college, or closing the college whenever such actions may become necessary due to inclement weather, natural disaster, or some other emergency situation. ([Policy 2.12](#))

The College will publish closing or delayed schedule announcements using a variety of media. Students, employees, and members of the public can receive announcements via the college's website, local radio and television stations, or popular social media platforms. Current and active subscribers to the Southeastern Community College Alert system may receive announcements via automated voice phone call, text message, or email. Announcements will specify openings, closings, and delayed schedules for both day and evening classes.

In cases when the College announce a late opening, students should report to the class/lab/clinical they would normally be in at the late opening time.
