

Columbus County NCWorks Career Center

Southeastern Community College serves as the host agency for the Columbus County NCWorks Career Center which is instrumental in connecting talent with local area employers. The Center provides job-training programs and services to help interested customers increase their skill sets and obtain meaningful employment.

At the NCWorks Career Center, customers have free access to labor market information and computers to search for job opportunities, along with access to job fairs and workshops that will help them connect with employers. Also, individuals can find out how to earn a Career Readiness Certificate, which is a recognizable skills credential that facilitates job placement, retention, and advancement.

The Center staff will help customers set up their profile on NCWorks Online, the state's official job search portal. Having a profile on NCWorks Online exposes individuals to employers across NC as well as matches their skills with those required for a job and provides access to wage and occupation projections.
