

Role and Scope

Southeastern Community College is an open-door higher education institution that is a part of the North Carolina Community College System. The College exists to improve the lives of Columbus County citizens, businesses, and industry through affordable, accessible, student-centered education and training. Offerings include pre-baccalaureate programs and applied technical diplomas, and certificates associated with business, health, public service, and engineering technologies. The College also offers basic skills and literacy education for students who need developmental work prior to or while attending the college.

The College partners with local secondary education systems to offer early college and technical education to qualifying high school students. The College also offers online classes and a variety of academic and support services.

To promote economic development in Columbus County, the college offers customized education and training for local businesses and industries through credit and continuing education, and a variety of workforce training programs.

As a part of the service to Columbus County, the College offers a variety of cultural enrichment opportunities through continuing education that improve the quality of life by focusing on continuous learning at any age.

Approved by the Southeastern Community College Board of Trustees January 2021.
